SOME TREES AVAILABLE FOR PLANTING IN RIGHT-OF-WAY.....ACT NOW!

As part of the beautification effort in the City of Winter Springs, our community has the opportunity to plant some trees in the area between the sidewalk and the street. A grant from the city would pay for the trees, after which the community would be responsible for the planting.

Subsequent care, including feeding, trimming and maintenance will be the responsibility of the individual homeowner in front of whose property the tree is planted. We envision an appearance that would be similar to the area along Seneca Blvd between the south entrance and Winter Springs Blvd. The city budget for this project is limited, but if you are interested in participating, please contact Board Member **Wally White** by email at walcan@bellsouth.net.

IS YOUR STREETLIGHT OUTOR IS IT FLICKERING? FIX IT WITH A CALL.

Call 1-800-700-8744, provide the light pole number and location. By email, contact **Progress Energy Florida** at :

www.progress-energy.com/custservice/flares/index.asp

Keep in mind that street lights come on on individual sensors, and that two adjoining lights may not come on at the same time.
